MINISTRY OF EXTERNAL AFFAIRS

New Delhi, the 3rd November 1962

S.O. 3430.—Whereas the Central Government is of opinion that the system of booking accommodation in pilgrim ships for Haj pilgrims specified in the Schedule annexed hereto should be enforced during the Haj Season in 1963.

Now, therefore, in exercise of the powers conferred by Section 456 of the Merchant Shipping Act, 1958, the Central Government hereby exempts Messrs. Mogul Line, Bombay and every other shipping Company engaged in pilgrim traffic from Bombay to the Hejaz, from such provisions of the said Act and the Indian Pilgrim Ships Rules 1933, as are not in conformity with the aforesaid system of booking accommodation in pilgrim ships carrying pilgrims from Bombay to Jeddah during the year 1963.

THE SCHEDULE***System of Booking Accommodation at Bombay for Haj Pilgrims***

1. *Schedule of sailings.*—Every shipping company shall announce a provisional schedule of outward sailings as soon as possible. Firm dates of sailings shall be advertised by the Shipping Company at least 15 days in advance as required under the provisions of the Merchant Shipping Act, 1958. The penal provisions

of the Merchant Shipping Act, 1958 shall operate with reference to the firm sailing dates as advertised.

2. *Advance reservations of Passages.*—(1) Reservation lists for all sailings announced in the provisional schedule shall be opened by the Company simultaneously and intending pilgrims will have the option of availing passages in whatever ship they like. Such reservations shall be made only on payment of a deposit of Rs. 100 per adult and Rs. 50 per child for deck class (Rs. 500 per adult and Rs. 250 per child in the case of pilgrims desirous of travelling by first class) accompanied by applicant's full particulars with five copies of his photographs (in case of male applicant) out of which one will be pasted on the receipt issued by the Shipping Company for reservation of passages. The other three copies of the photographs together with the particulars of the applicant will be passed on to the Port Haj Committee, Bombay by the Shipping Company. When reservations of a particular ship are complete, the Shipping Company shall refuse to accept any further deposits for that particular ship.

(ii) A cabin class pilgrim may make an application for reservation of a deck passage for his servant, and may in genuine cases take any other servant than the one mentioned in the application.

3. *Registration in Waiting Lists.*—Persons whose deposits for advance reservation are received after the reservation of accommodation on all the ships is complete shall be kept on the common waiting lists with the Shipping Company. Persons who may not have made any advance reservation of passages but who may reach Bombay and ask for passages, shall also have to get their names registered on waiting lists with the Shipping Company. Registration of such persons on the waiting lists will be made on an application for registration on waiting lists accompanied by a deposit of Rs. 10 per passenger for deck class (Rs. 500 in the case of persons desirous of travelling by first class) and a copy of the photograph of the person concerned. Registration on waiting lists shall be made strictly in order of the receipt of deposits aforesaid by the Shipping Company.

4. *Purchase of tickets.*—All persons who may have made advance reservations of passages shall have to purchase their tickets at least 4 days before the sailing date. Such of the persons as fail to purchase tickets 4 days in advance shall be deemed to be not travelling in those ships. Passages not previously booked in particular ships or released by passengers who do not purchase their tickets 4 days in advance shall be offered according to the order referred to in paragraph 3 to the persons whose names are registered on the waiting lists.

5. *Treatment of deposits when passages are availed of.*—The deposit of Rs. 500 or Rs. 250 or Rs. 100 or Rs. 50 or Rs. 10 as the case may be, shall be accounted towards the cost of passage when the passage has been availed of.

6. *Treatment of the deposit when the passage is not availed of.*—When a person has reserved his passage, and does not intend to avail of the same and gives 10 clear days' notice of his intention to the company in advance of the sailing date then his deposit shall be refunded in full.

(ii) In the case of a person who has reserved his passage but is prevented from availing of the same due to unforeseen circumstances, such as death in the family the deposit may be refunded to him in full; any dispute that may arise shall be referred in the first instance to the Chairman, Port Haj Committee, Bombay, and if the Chairman's decision is not acceptable to the pilgrim concerned or to the shipping company, the Chairman shall refer the matter to the Presidency Magistrate or the Magistrate of the first class exercising jurisdiction in the Port. The decision of the Magistrate shall be final and there shall be refunded to the pilgrims any amount allowed to him by such decision.

(iii) A person who has reserved his passage by a particular ship but is unable to avail of the same and desires to travel by a subsequent ship, may be given full credit in respect of his deposit towards the cost of passage.

(iv) In all other cases where a person has reserved his passages but does not avail of the same, a deduction of 10 per cent will be made while refunding the amount deposited by him.

(v) Where a person has got his name registered on the waiting list and does not avail of the passage when offered, a sum of Rs. 10 shall be forfeited from his deposit and the balance, if any, shall be refunded to him by the Shipping Company.

(vi) When a person who has got his name registered on the waiting list and is not offered any passage, the amount paid by him as deposit, shall be refunded to him in full.

7. *Scrutiny*.—The records of the shipping company in respect of reservation of passages as well as waiting lists shall be open to scrutiny by the Central Government, Chairman of the Port Haj Committee, Bombay, Executive Officer, Port Haj Committee, Bombay or 2 members of the Port Haj Committee, Bombay nominated by the Chairman, or any officer or officers, nominated by the Committee for this purpose.

(Department of Agriculture)

(I.C.A.R.)

New Delhi, the 22nd October, 1962.

S.O. 3457.—In pursuance of the provisions of Rule 13(4) of the Indian Cotton Cess Rules, 1923, framed under Section 15 of the Indian Cotton Cess Act, 1923 (No. XIV of 1923), the audit of the accounts of the Indian Central Cotton Committee, Bombay for the year 1961-62 having been carried out from 7th June to 20th August, 1962, the Central Government hereby publish the same along with the Auditor's report.

PART I

Previous Audit

2. (a) *Audit Report for 1960-61—Para 7 of Audit Report for the year 1958-59—Provident Fund Accounts of persons who have ceased to be in the Committee's Office.*—Government orders regarding provision of Lapse and Forfeiture account in the Provident Fund Rules of the Committee are awaited.

(b) *Audit Report for the year 1959-60(i) Para 3.—World Agriculture Fair.*—As it is over 2 years since the World Agriculture Fair was held in February, 1960, the Business Manager, Indian Council of Agricultural Research may be requested to furnish the accounts alongwith the sub vouchers for the amount, of Rs. 47,550 paid on this account at an early date and finally settle the same. It was, however, seen from the records of the Committee that reminders have been issued regularly.

(c) *Para 10(c)—Recovery of Rs. 133.01 from the Director of Agriculture, Maharashtra State, Poona.*—The recovery may be expedited and credit pointed out at an early date.

(d) *Audit Report for 1960-61.—Para 5 refund of deposits paid for Oil cans.*—Credit for the refund of deposit in respect of the 6 oil cans amounting to Rs. 12, is still outstanding and may please be expedited.

PART II

Current Audit

3. **Expansion and modernisation of the Technological Laboratory, Matunga.**—As already mentioned in para 3 of the previous report an amount of Rs. 3,18,060, was deposited by the Committee with the C.P.W.D. in July, 1960, but even after 2 years the building has not been completed.

It may be mentioned in this connection that a Cotton Delinting Machine and two other small machines costing Rs. 28,021 were purchased during 1953-55 and for want of accommodation, which the new building was intended to provide their installation and operation have been delayed for over 7 years.

In view of the acceptance of the tender as intimated in the S.E.B.C.'s D.O. letter No. C. 3508/912, dated 22nd August, 1962, the work may be got completed expeditiously. The amount of Rs. 40,000 sanctioned for the proposed construction of the 1st Floor by 1,800 Sq. yards is also so far unutilised.

4. **Account of Cotton rendered waste after test at the Technological Laboratory and its disposal.**—It was noticed in the course of audit that cotton is received free of cost at the Technological Laboratory for testing from Government Departments or private parties in lots of different quantities according to the nature of tests to be carried out.

According to the rules and regulations for acceptance of samples for testing, the balance of material after testing is not ordinarily returned. This balance is

sold as cotton waste. The quantities received and disposed of as waste during the last 3 years, were as follows:—

	Quantities received	Quantities disposed of
1959-60	14,202. Lbs.	16,907 Lbs. (including carry over from previous years)
1960	12,744 Lbs.	9,389 Lbs.
1961	13,828 Lbs.	11,380 Lbs.

It was observed that no complete and authentic record or account was available of cotton waste available for sale. The samples received were noted in the Farm "Store List" attached and all columns upto and including the column date of receipt were filled in. Further columns were blank. It was explained that it was difficult to note the weight of the small samples passing through various stages of tests. A Register containing the weight of the samples passing through various stages is kept on monthly basis from which the total quantities on hand for sale as waste could be ascertained. It is suggested that the register may be written up monthly and signed by a responsible Official regularly. Incidentally it was seen that Sales Tax was also not recovered on the sales of Cotton as waste. The point whether sales tax is leviable and the rates at which it is leviable may be referred to the Commissioner of Sales Tax Bombay by furnishing full details of the transactions and his decision intimated to audit.

5. Statement of Accounts.—The following statements of accounts duly checked in audit are appended.

1. Statement of Receipts and Payments of the I.C.C.C., Bombay, for the year 31st March, 1962.

2. Statement of Provident Fund Accounts of the Committee as on 31st March, 1962.

It will be noted from item 3 of the details of Investment Account that the Bombay State Development Loan of Rs. 6,00,000 has matured on 1st August, 1962, and received on 16th August, 1962.

Early orders of Government of India are necessary for reinvestment of the funds which are not immediately required for disbursement. As however, rule 14 of the Indian Cotton Cess Rules, 1923, prohibits the investment of the Committee's Funds, Government of India may be expedited to amend the rules to enable investment of the funds without delay. In case the amendment is likely to take some time, the S.F.S.C. may, in the meanwhile, be authorised to invest the Funds subject to approval by Government later to avoid loss to the Cotton Committee by way of interest.

6. Loans and advances to cultivators of Sea Island Cotton in the States of Kerala and Mysore.—A sum of Rs. 3,14,484.65, is outstanding on account of loans and advances on the above account including the balance of previous years. List of outstanding amounts has been furnished to the Collectors for effecting recoveries. They may be periodically expedited for the recovery lest the amounts become irrecoverable with the lapse of time.

7. Accounts of Schemes.—During the year 1961-62 a total number of 100 Schemes functioned under the Committee. Of the above, Annual Returns for 9 Schemes listed at Annexure 'A' have been received. Returns of the other schemes including those that are closed for which reminders have been issued are awaited.

8. Audit Fee.—An amount of Rs. 5,100 (Rupees five thousand and one hundred only) may please be paid to the credit of the Central Government under the head LII-Misc. MINISTRY OF LABOUR AND EMPLOYMENT

New Delhi, the 7th November 1962

S.O. 3475.—The following draft of a scheme further to amend the Bombay Unregistered Dock Workers (Regulation of Employment) Scheme, 1957, which the Central Government proposes to make, in exercise of the powers conferred by sub-section (1) of section 4 of the Dock Workers (Regulation of Employment) Act, 1948 (9 of 1948), is published as required by the said sub-section for the information of all persons likely to be affected thereby; and notice is hereby given that the said draft will be taken into consideration on or after the 26th November, 1962.

Any objections or suggestions which may be received from any person with respect to the said draft before the date so specified will be taken into consideration by the Central Government.

DRAFT SCHEME

1. This Scheme may be called the Bombay Unregistered Dock Workers (Regulation of Employment) Amendment Scheme, 1962.

2. In clause 3 of the Bombay Unregistered Dock Workers (Regulation of Employment) Scheme, 1957, hereinafter referred to as the said Scheme, after item (a), the following item shall be inserted namely:—

“(aa) ‘Administrative Body’ means the Administrative Body appointed under clause 5 of the Bombay Dock Workers (Regulation of Employment) Scheme, 1956.”

3. After clause 12 of the said Scheme, the following clause shall be inserted, namely:—

“12-A (1) **Special provisions in respect of foodgrain workers and their employers.**—The provisions of clauses 8, 9, and 11 to 17 shall, in relation to the foodgrain workers working in the docks and their employers, apply subject to the following provisions, namely:—

- (i) the employer of foodgrain workers appointed by the Ministry of Food and Agriculture shall be listed under sub-clause (3) of clause 8 and his name shall be included in the list of employers, provided that the name of the employer shall be removed from the list of employers on the expiry, termination or cancellation of the employer's contract with the aforesaid Ministry;
- (ii) if the number of foodgrain workers listed under clause 9 is not adequate for the requirement of the docks, the Board may—
 - (a) transfer any of the surplus listed workers, if found suitable, to the list of foodgrain workers; and
 - (b) arrange to list new workers, who are citizens of India, from workers registered with the local Employment Exchange. If, however, the requirement exceeds, the number of suitable men available on the register of the Employment Exchange on the day of the recruitment direct recruitment after absorbing suitable men from the Employment Exchange may be made;
- (iii) the Board shall arrange for the classification of the foodgrain workers by categories in the list and prepare and maintain a separate sub-list of workers for each of the categories. The foodgrain workers listed shall be classified into the following categories, namely:—
 - (a) Baggers;
 - (b) Loaders;
 - (c) (i) Pallawalas;
 - (ii) Pallawallis;
 - (d) Stitchers;

- (iv) each sub-list of workers prepared under item (iii) shall constitute a pool of workers for the category to which the said sub-list relates;
- (v) the Baggers and the Loaders shall be employed in gangs, each gang consisting of such number of workers as may be fixed by the Board;
- (vi) workers of each category shall be allotted work by rotation. Where work is carried on by a gang, the allotment of workers by rotation shall be by gangs;
- (vii) the Administrative Body shall act, under the control and supervision of the Chairman, and shall be responsible for—
 - (a) the allocation of the foodgrain workers in the pools constituted under item (iv) who are available for work, to the employers and for this purpose the Administrative Body shall—
 - (i) be deemed to act as an agent for the employer;
 - (ii) make the fullest possible use of the foodgrain workers in each pool; and
- (iii) provide for the maintenance of records of employment and earnings;
 - (b) the payment, as agent of the employer, to each listed foodgrain worker of all earnings due to him from the employer; and
 - (c) authorising the employment of unlisted foodgrain workers if listed workers are not available for work in the pool(s) or in such circumstances as the Chairman may approve;
- (viii) subject to the provisions of item (iii) a listed employer shall not employ a worker other than a foodgrain worker who has been allocated to him by the Administrative Body in accordance with the provisions of item (vii);
- (ix) the employer shall in accordance with arrangements made by the Administrative Body submit all available information of his current and future labour requirements to that Body;
- (x) the employer shall pay to the Administrative Body in such manner and at such times as the Chairman may direct, the administrative charges payable under sub-clause (6) of clause 11 and the gross wages due to the foodgrain workers;
- (xi) the employer shall keep such records as the Board may require and shall produce to the Board, or to such persons as may be designated by the Chairman, upon reasonable notice; all such records and documents of any kind relating to foodgrain workers and to the work upon which they have been employed and furnish such information relating thereto as may be set out in any notice or direction issued by or on behalf of the Board;
- (xii) a foodgrain worker in the pool who is available for work shall be deemed to be in the employment of the Board;
- (xiii) a foodgrain worker in the pool who is available for work shall not engage himself for employment under a listed employer unless he is allocated to that employer by the Administrative Body;
- (xiv) a foodgrain worker in the pool who is available for work shall carry out the directions of the Administrative Body and shall—
 - (a) report at such call stands or control points on such days and at such times as may be specified by the Administrative Body;
 - (b) accept any employment in connection with dock works whether in the category or sub-category in which he has been listed or in any other category or sub-category for which he is considered suitable by the Administrative Body;
- (xv) a listed foodgrain worker who is available for work when allocated by the Administrative Body for employment under a listed employer

shall carry out his duties in accordance with the directions of such employer or his authorised representative or supervisor and the rules of the port or place where he is working;

- (xvi) a foodgrain worker in the pool who fails to comply with any of the provisions of this Scheme, or commits any act of indiscipline or misconduct, may be reported in writing to the Personnel Officer, who may after investigating the matter, give him a warning in writing or suspend him for a period not exceeding seven days;
- (xvii) where in the opinion of the Personnel Officer a higher punishment than that provided in item (xvi) is merited, he shall report the case to the Deputy Chairman;
- (xviii) on receipt of the written report from the Personnel Officer under item (xvii) or from the Administrative Body that a foodgrain worker in the pool has failed to comply with any of the provisions of the Scheme or has committed an act of indiscipline or misconduct or has consistently failed to produce the standard output or has been inefficient in any other manner the Deputy Chairman may make or cause to be made such further investigation as he may deem fit, and thereafter take any of the following steps, as regards the worker concerned, that is to say, he may impose any of the following penalties:—
 - (a) give him a warning in writing;
 - (b) suspend him for a period not exceeding 3 months;
 - (c) terminate his services after giving 14 days' notice; or
 - (d) dismiss him;
- (xix) before any action is taken under item (xvi) or (xviii) the person concerned shall be given an opportunity to show cause why the proposed action should not be taken against him. A copy of the final order shall also be communicated to the person concerned;
- (xx) the Administrative Body shall be informed simultaneously about the action taken under item (xvi) or (xviii);
- (xxi) a foodgrain worker in the pool, who is aggrieved by an order passed by the Personnel Officer or the Deputy Chairman under item (xvi) or (xviii), as the case may be, may appeal to the next higher authority, namely, the Deputy Chairman or the Chairman, as the case may be. The appeal, shall be in writing and shall be preferred within 14 days of the receipt of the order appealed against and the order passed on such appeal shall be final;

Provided that the appellate authority may for reasons to be recorded, admit an appeal preferred after the expiry of 14 days.

(2) If the Board is satisfied that the listed foodgrain employer (which shall include the Department of Food or its representative if listed as an employer) has made adequate arrangements for the operation of pool of listed foodgrain workers and payment of wages direct to them, the Board may direct that the provisions of clauses 8, 9 and 11 to 17 of the Scheme shall, in relation to the foodgrain workers and their employers, be subject only to the provisions of paragraphs (i) to (iv) of sub-clause (1) and the following—

If the number of listed foodgrain workers available for work in any shift is not sufficient, the employer may, subject to any limitations imposed by the Board, employ along with the available listed foodgrain workers unlisted workers in that shift".

3. In the Schedule to the said Scheme, the following item shall be added at the end, namely:—

"(3) Foodgrain workers working in the docks.

New Delhi, the 9th November 1962

S.O. 3477.—In pursuance of Section 17 of the Industrial Disputes Act, 1947 (14 of 1947) the Central Government hereby publishes the following award of the Industrial Tribunal, Patna, in the industrial dispute between the employers in relation to East Bastacolla Colliery and their workmen.

BEFORE SHRI H. K. CHAUDHURI, PRESIDING OFFICER, CENTRAL GOVT., INDUSTRIAL TRIBUNAL, PATNA.

REFERENCE No. 19/C, OF 1962.

Employers in relation to East Bastacolla Colliery and their workmen.

MISC. CASE No. 10/C OF 1962

Biru Sen, Fitter.—*Complainant.*

Vs.

Employers in relation to East Bastacolla Colliery, Dhanbad.—*Opp. Party.*

For the Employers.—Shri B. L. Agarwala and Shri K. C. Gupta.

For the Workmen.—Shri S. Das Gupta.

AWARD

Dated the 29th October, 1962.

Under Government of India, Ministry of Labour and Employment, Notification dated the 8th May, 1962, this industrial dispute between the employers in relation to East Bastacolla Colliery and their workmen has been referred to this Tribunal for adjudication under Section 7-A, and clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act, 1947. The specific matter in dispute is as follows:—

“Whether the transfer of Shri Biru Sen to Upper Kandra Colliery is justified? If not, to what relief is he entitled?”

2. The facts lie within a short compass. Biru Sen, the workman involved in this case, was employed as a mechanical fitter in East Bastacolla Colliery. By an order dated the 17th March, 1962, (Ext. C.) the workman was transferred from this colliery to the company's Upper Kandra Colliery with effect from the 20th March, 1962. In the order of transfer it was specifically mentioned that the workman would have the same conditions of service without any break in the continuity of his service. On 20th March, 1962, the workman addressed a letter to the Manager protesting against the order. He contended *inter alia* that the Upper Kandra Colliery was not under the same Company and that in any case the services of a mechanical fitter were not required at that colliery which was closed. He alleged that the order of transfer had been issued only with a view to victimise him for his trade union activities (Ext. D). On 23rd March, 1962, the management wrote to the workman saying that it is not for him to decide whether the services of a mechanical fitter were required or not at Upper Kandra Colliery. He was definitely asked to report for duty at that colliery immediately or to show cause why his services should not be terminated for disobedience of orders. In spite of this direction the workman did not proceed to his new station whereupon the management again wrote to him on 29th March, 1962, (Ext. F.) asking him to report for duty at Upper Kandra Colliery by 2nd April, 1962, or to show cause why his services should not be terminated for disobedience of orders. On 3rd April, 1962, the workman in reply wrote to the company reiterating his objections to the transfer (Ext. G.). On 9th April, 1962, (Ext. H.) the management wrote back saying that since the workman had failed to carry out the order his services were terminated and he was directed to vacate the quarters occupied by him forthwith. It appears that during the pendency of this correspondence the union referred the dispute to the Conciliation Officer (C), Dhanbad. The Conciliation Officer intervened and tried to bring about a settlement but his efforts failed. It was during the pendency of these conciliation proceedings that the management passed the order dismissing the workman and this gave rise to an application u/s. 33-A, of the Industrial Disputes Act by the workman which has been heard along with this Reference.

3. According to the union the order of transfer served on the workman was arbitrary and unjustified being in violation of the provisions of the Standing Orders and the principles of natural justice. The management on the other hand

asserts that the services of Biru Sen were required by the company at the Upper Kandra Colliery which was owned and managed by the East Bastacolla Colliery Company and hence his transfer had been ordered in the exigencies of administration. It was submitted that the order was quite lawful and justified under the Standing Orders and since the workman refused to carry it out he was rightly dismissed.

4. Under Standing Order No. 17 (Old Standing Order No. 28) all workmen are liable to be transferred in the exigencies of work from one department to another or from one station to another or from one coal mine to another under the same ownership provided that by reason of such transfer the wages and other conditions of service of the workmen are not altered to their disadvantage and provided further that reasonable notice is given of such transfer. It was alleged in the written statement filed on behalf of the workman that the Upper Kandra Colliery belongs to a different company with a different management. This plea was not, however, seriously pressed at the hearing. In fact Biru Sen in his evidence never asserted that the East Bastacolla Colliery Company was not the owner of Upper Kandra Colliery. He merely stated that he did not know who was the owner of Upper Kandra Colliery or who is managing that concern in order to prove that the two concerns are owned and managed by the same Company the management has filed a series of correspondence between it and the Mines Department of the Government of India. I may refer in particular to the letter addressed by the Managing Agent of the East Bastacolla Colliery to the Chief Inspector of Mines in India, Dhanbad on the 1st April, 1958, (Ext. 1). It runs as follows:—

"I have honour to state that as the ownership of Upper Kandra Colliery and East Bastacolla Colliery is same, it has been decided to call Upper Kandra Colliery as East Bastacolla Colliery Co.'s 'Upper Kandra Colliery' instead of Upper Kandra Colliery Co.'s 'Upper Kandra Colliery'".

Ext. 2 is another letter in which particulars have been given in respect of the change of the trading name of Upper Kandra Colliery Company's Upper Kandra Colliery to East Bastacolla Company's Upper Kandra Colliery (Owner). This statement was furnished to the Chief Inspector of Mines in India and other officers. The other letters relate to the supply of plan, section of working etc., of the Upper Kandra Colliery. It is to be noted that in these letter the Regional Inspector of Mines described Messrs. East Bastacolla Colliery Company as owners of Upper Kandra Colliery. The plea of the workman that the two collieries are not owned and managed by the same company is, therefore, without any substance.

5. The other plea of the workman was that his services were not required at the new station. This plea appears to me to be wholly frivolous. It appears from the correspondence filed by the management that the Upper Kandra Colliery was closed for some time and that the company was trying to re-open it. It was in these circumstances that Biru Sen was transferred to the new station. It was the management which was competent to decide how best the services of the workman were to be utilised at the new station and the latter could not sit in judgment over this management function so long as his wages and other conditions of service were not altered to his disadvantage. The correspondence referred to above further shows that the workman had been given sufficient time to report for duty at his new station. The order of transfer having been made in terms of Standing Order No. 17 (new) was perfectly legal and justified. I, therefore, answer the first part of the issue in the affirmative. In view of my finding the second part of the issue does not arise.

6. So far as the application u/s. 33-A, is concerned a grievance is made that no enquiry was held with regard to the charge of disobedience. The workman was duly served with a charge-sheet. It is true that no enquiry was held but having regard to the circumstances of the case an enquiry was hardly necessary. There was an order and the workman repeatedly refused to carry it out. These facts are all admitted. No formal enquiry and recording of evidence in order to bring the charge home to the workman was necessary. Even if it be held that the management should have held an enquiry it would not help the workman. On the merits there is a clear case of deliberate disobedience of orders against him. The workman was guilty of gross misconduct and I am satisfied that he

was rightly dismissed by the management. His application u/s. 33-A, fails and is hereby dismissed.

7. I give my award accordingly. There will be no order as to costs.

Presiding Officer,
Central Govt. Industrial Tribunal,

2. Shri M. V. Joseph, Advocate, Ernakulam—*For C.P.T. Union.*

AWARD

This reference has been made to me by the Central Government in exercise of the powers conferred by Section 7-A and clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 (XIV of 1947) for adjudication of the industrial dispute between Messrs. B. J. Khona, Clearing and Shipping Agents and their workmen represented by the President, Cochin Port Thozhilali Union, Cochin and the Secretary, Cochin Thuramugha Thozhilali Union, Cochin. The dispute relates to following matters specified in the schedule annexed to the Government Order No. LR-IV-28/53/59, dated 6th February 1961. The schedule specified in the annexure to the order of reference is given below:—

1. Whether para 152 of the award of the Central Government Industrial Tribunal, Madurai, dated 4th February 1954 published in the Gazette of India Extraordinary, Part II, Section 3, dated 29th day of March, 1954 contemplates that all transshipment work from barges to lighters and *vice versa* is the work normally to be done by head load workers?
2. If the head load workers are entitled to the work, to what relief they are entitled?

2. The Cochin Thuramugha Thozhilali Union filed their statement on 4th July 1961 contending that Messrs. B. J. Khona and the Cochin Thuramugha Thozhilali Union (hereafter to be referred as C.T.T.U.) were parties in Industrial Dispute No. 18/61 on the files of the Madurai Industrial Tribunal and all the 9 head load workers employed in B. J. Khona were members of the C.T.T.U. These 9 workers

continued to work under B. J. Khona even now. One of the point of adjudication in that award was fixation of wage rates to head load workers at Mattancherry. The Union contends in their statement that it was decided in the Madurai award that the transshipment of cargo from lighters to Valloms and vice versa is an item of work pertaining to head load workers and rates were also fixed in the award for such work in clause 152 of the award. Messrs. B. J. Khona is not following the direction in this award. He is not permitting the head load workers under him to do transshipment work. Instead he makes bargemen to do it. To this extent there is the limited denial of employment by B. J. Khona to head load workers under him. This is a direct violation of the terms of the Madurai award. The demand of the union to provide transshipment work to the head load workers as per clause 152 of the above award was refused by Messrs. B. J. Khona. The demand of the union to settle the matter by conciliation and further by arbitration did not materialise. The union prays that B. J. Khona be ordered to give transshipment work to the workmen and wages according to the rates fixed in the Madurai award. The Cochin Port Thozilali union filed a formal statement on 15th April 1961 stating that the union is not even a necessary party. The management filed their reply statement on 25th May 1961. According to them para 152 of the Madurai award fixed only the rates, the rates of wages to be paid to head load workers for a particular category of work and it does not say that the head load workers should in all circumstances be employed for transshipment work or paid wages for that. The management contends that they have not violated the terms of the award.

3. C.T.T.U. examined W.W. 1 to W.W. 8 and marked Ext. W. 1. The management examined M.W. 1 and 2 and marked M. 1 to M. 27.

4. Messrs. B.J. Khona is a forwarding and shipping steamer agent at Mattancherry like many other steamer agents. This firm books cargo for shipment from Cochin Port from adjoining coastal towns like Alleppey, Quilon etc. The cargo so booked from Alleppey and Quilon etc. is taken to Cochin Dock area in valloms or barges, to be carried from the Cochin Dock in ocean going steamers. The valloms and barges are towed by crew manually along the canal connecting Alleppey and Quilon to Cochin. It is also towed by motor launches or tugs. The crews are generally employees or owners of these valloms or barges. On arrival at Cochin the cargo that reaches in Valloms and barges are normally removed and stored in the steamer agents' godowns until the steamers arrive. The barges and Valloms are covered vessels. If the steamer is ready at the time when the barges and valloms arrive the cargo is transhipped to lighters which are not covered. This transshipment to lighters is made by crews themselves. As the valloms and barges are covered vessels it will not be possible for the cranes to lift cargo from these valloms and barges directly when taken alongside the steamer. This is the process when the steamer is ready when the cargo reach Cochin. Who is to do this transshipment from valloms and barges to lighters is not a controversial point here. When the steamer is not ready, the cargo coming from Alleppey, Quilon etc. in the barges and valloms are to be stacked in the godowns of the steamer agents. The point that arises for determination in this case is who is to remove the cargo from valloms and lighters to the jetty side. The removal of cargo from the jetty side to the godown of B. J. Khona is done by the head load workers now working under B. J. Khona. This point is also not disputed. The point of dispute is whether this cargo coming in valloms and barges is to be lifted from valloms and barges by the head load workers of B. J. Khona or the crew to the jetty side. The contention of the management is that the bargmen and the crew in valloms lift the cargo from valloms and barges and place it near the jetty. The union claims that this work of removing cargo from valloms and barges to jetty side, is the work of the head load workers of M/s. B. J. Khona. The management on the other hand contends that this has to be done by the crew in the valloms and barges; it forms part of the work of the crew and they are paid wages including this. The union contention is that this point is covered by paragraph 152 of the Madurai award. So the scope of the reference is the interpretation of para 152 of the Madurai award.

5. The C.T.T.U. examined 8 witnesses and marked Ext. W1. The management examined two witnesses and marked Ext. M1 to M27. WW1, WW3 and WW6 are employees in the Malabar Steam Ship Co. at Cochin. WW1 Shri A. Narayana Pillai is a clerk, WW6 is the first assistant and WW3 is a worker. All these 3 witnesses stated that it is their head load workers who make the transshipment of cargo from Valloms and barges to the jetty side and they are paid for that. WW3 worker admitted in the cross examination that their workers do not go into the barges and valloms to take the cargo. The crew in the barges and valloms take the cargo to the jetty side. WW2 is a worker under M/s. B. J. Khona. He

admitted that himself and others under Khona do not go for transhipment work. The crew in valloms and barges take the cargo to the jetty side, and the workers under Khona take to godown from jetty side. WW4 is a worker in Karsendas Brothers, WW5 is another worker in A. V. George and Co. and WW7 is the partner of P.A. Abdulrahiman Sait. These witnesses stated that in the respective establishments where they are working the transhipment is carried on by the head load workers employed by them. WW8 is Shri Jayarama Rao, the Central Government conciliation officer. He proved Ext. W1. This is a letter written by Shri M. K. Raghavan, the president of the C.T.T.U. to Shri Jayarama Rao. The contents of this letter is not relevant to the issue under consideration. MW1 is Shri Kantilal Mahta and MW2 is Shri G. J. Asher. Shri Kantilal Mahta is the president of the Indian Chamber of Commerce for 1960-61. Even now he is a committee member of the Chamber. He had also steamer agency business. He stated that the crew in the valloms and barges tranship the cargo to lighters, when the ship is in the port. When the ship is not in port the bargemen will lift the cargo from barge and valloms and then put it on the corner of the jetty side which will then be removed to the godowns by the head load workers. He had not engaged any headload workers for transhipment from barges to lighters. General cargo is removed from barges to lighters by workers in the barges except in Malabar Steamship Company. This is also the evidence given by MW2 Shri G. J. Asher. There is evidence to show that the transhipment work in the Malabar Steam Ship Company is carried on by their head load workers. This is also the case in Karsendas Brothers, A. V. George and Company and P. A. Abdulrahiman Sait. This may be so or may not. But the point for determination is what is the interpretation to be put up on paragraph 152 of the Madurai award. I give below paragraph 152:

"VIII Trans-shipment of goods from lighter to valloms and *vice-versa* 152. There is nothing mentioned in Ext. M.10 about this item. But in Ext. W7 the rate is said to be 50 per cent of the rates given for unloading at jetty side godowns. The evidence of WW7 Said Ali is that the rate is Rs. 6 for 100 bales of 2 cwt. each. WW8 deposes that the rate is the same as for loading and unloading. The rate for this item is fixed as in Ext. W7 i.e. 50 per cent of the rates given for unloading at jetty side godowns."

The learned tribunal till paragraph 127 discusses the evidence in the case. From paragraph 128 onwards he starts fixing rates for different items of cargo. In the order of reference in the Madurai Award a large number of items have been referred for fixation of wages. In paragraph 128 the learned tribunal stated that it has become necessary to deal with various operations individually and determine the various rates to be adopted on the basis of the prevailing rates and it would be useful to follow the scheme laid down in Ext. W. 7. Then the learned tribunal dealt by item by item. Paragraph 129 deals with the rates for bag cargo. Paragraph 130 deals with surka and beedi and paragraph 131 deals with bales and bundles and so on it continues. At the commencement of each paragraph the heading is given stating for which item the rate is to be fixed. In paragraph 152 the heading given is "transhipment of goods from lighter to valloms and *vice versa*". In paragraph 152 the tribunal gives the rates for transhipment of goods from lighter to valloms and *vice versa*. There is no mention in paragraph 152 of the right of any particular category of workers for transhipment work. The rate alone is fixed in paragraph 152. The fixing of the rates for various cargo ends with paragraph 180. In paragraph 181 the learned Tribunal concludes stating that on a consideration of the entire evidence he is of opinion that the rates as shown above and more fully set out in Annexure 4 shall be the minimum rates payable for head load labour for Mattancherry. The scope of reference in this dispute is the interpretation of paragraph 152 of the award. Paragraph 152 of the Madurai Award only fixes rates for transhipment work. It does not say that the transhipment work from barges to lighters and *vice versa* is the work to be carried on by head load workers. There is no such finding. So I find paragraph 152 of the Madurai award only fixes the rates of wages to be paid to head load workers and it does not say that the head load workers should in all circumstances be employed for that work or paid wages for that. The C.T.T.U. workers under B. J. Khona is not entitled for the transhipment work. This is not laid down in paragraph 152 of the Madurai Award. The reference is answered as specified above. No costs. This award is to be published in the Central Government Gazette and shall become enforceable after 30 days of its publication in the Government Gazette.
